KARI transport bags

Tough, multi-purpose roll top transport bags

Bringing all the features of traditional dry bags to work at height but with increased protection

Strong – tested and certificated for lifting loads with a designated lifting point. WLL rated with 7:1 factor of safety

Versatile – secure, roll top closure with extendable straps for variable capacity

Rugged – high strength, welded seams and reinforced base for extra wear resistance

Designed specifically for work at height and rescue, the KARI range offering a style for every function – personal kits, rescue systems, rope, tool bag etc

Features

Waterproof fabric and welded seams

Certified for lifting

Load rated daisy chain

Lockable side fasteners

Roll top closure

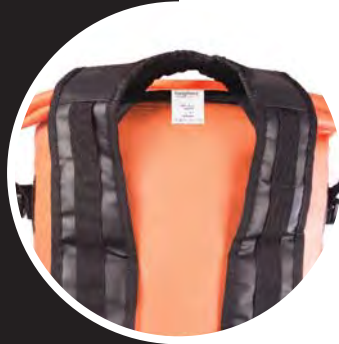

Rucksack style carrying straps

Clear document pocket

Reinforced base

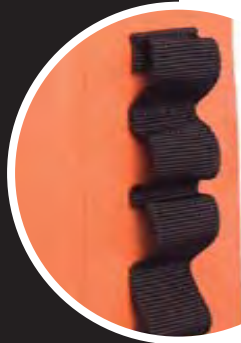

KARI 15 has multi-functional shoulder straps offering various carrying styles.

Features in detail

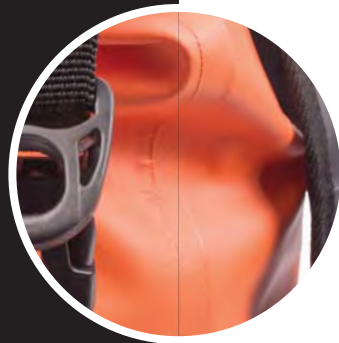

Certified lifting point
designated lifting point, WLL rated with 7:1 factor of safety
