## CityWall GRP VOLUMES

will add diversity of the climbing wall with their different and creative shapes and various sizes, that have been designed by climbers and routesetters.

Due to the highly resistant composite material they are suitable for both, indoor or outdoor use. GRP surface is covered with resistant sandglaze, that offers excellent friction, that will satisfy even the most demanding climbers.

Integrated T-nuts enable fixing of climbing holds of different sizes. At the customer's additional request we can make volumes, suitable for extreme weather conditions, with T-nuts, that are appropriate for outdoor use.

CityWall volumes can easily be fixed with wooden screws. They are available in various shapes, sizes and colours. As well you can choose your own colour that matches the existing colour surface of the climbing wall.

Warranty for volumes is 12 months.

## CityWall GRP PYRAMIDS

are perfect solution for all types of climbing walls - from school climbing walls to climbing centers. They add diversity of the existing configuration and morphology of the climbing wall and change the difficulty of the climbing routes.

Due to the highly resistant composite material they are suitable for both, indoor or outdoor use. GRP surface is covered with resistant sandglaze, that offers excellent friction, that will satisfy even the most demanding climbers.

Integrated T-nuts enable fixing of climbing holds of different sizes. At the customer's additional request we can make pyramids, suitable for extreme weather conditions, with T-nuts, that are appropriate for outdoor use.

CityWall pyramids can easily be fixed with wooden screws. They are available in various shapes, sizes and colours. As well you can choose your own colour that matches the existing colour surface of the climbing wall.

Warranty for pyramids is 12 months.

# CityWall GRP STALACTITES

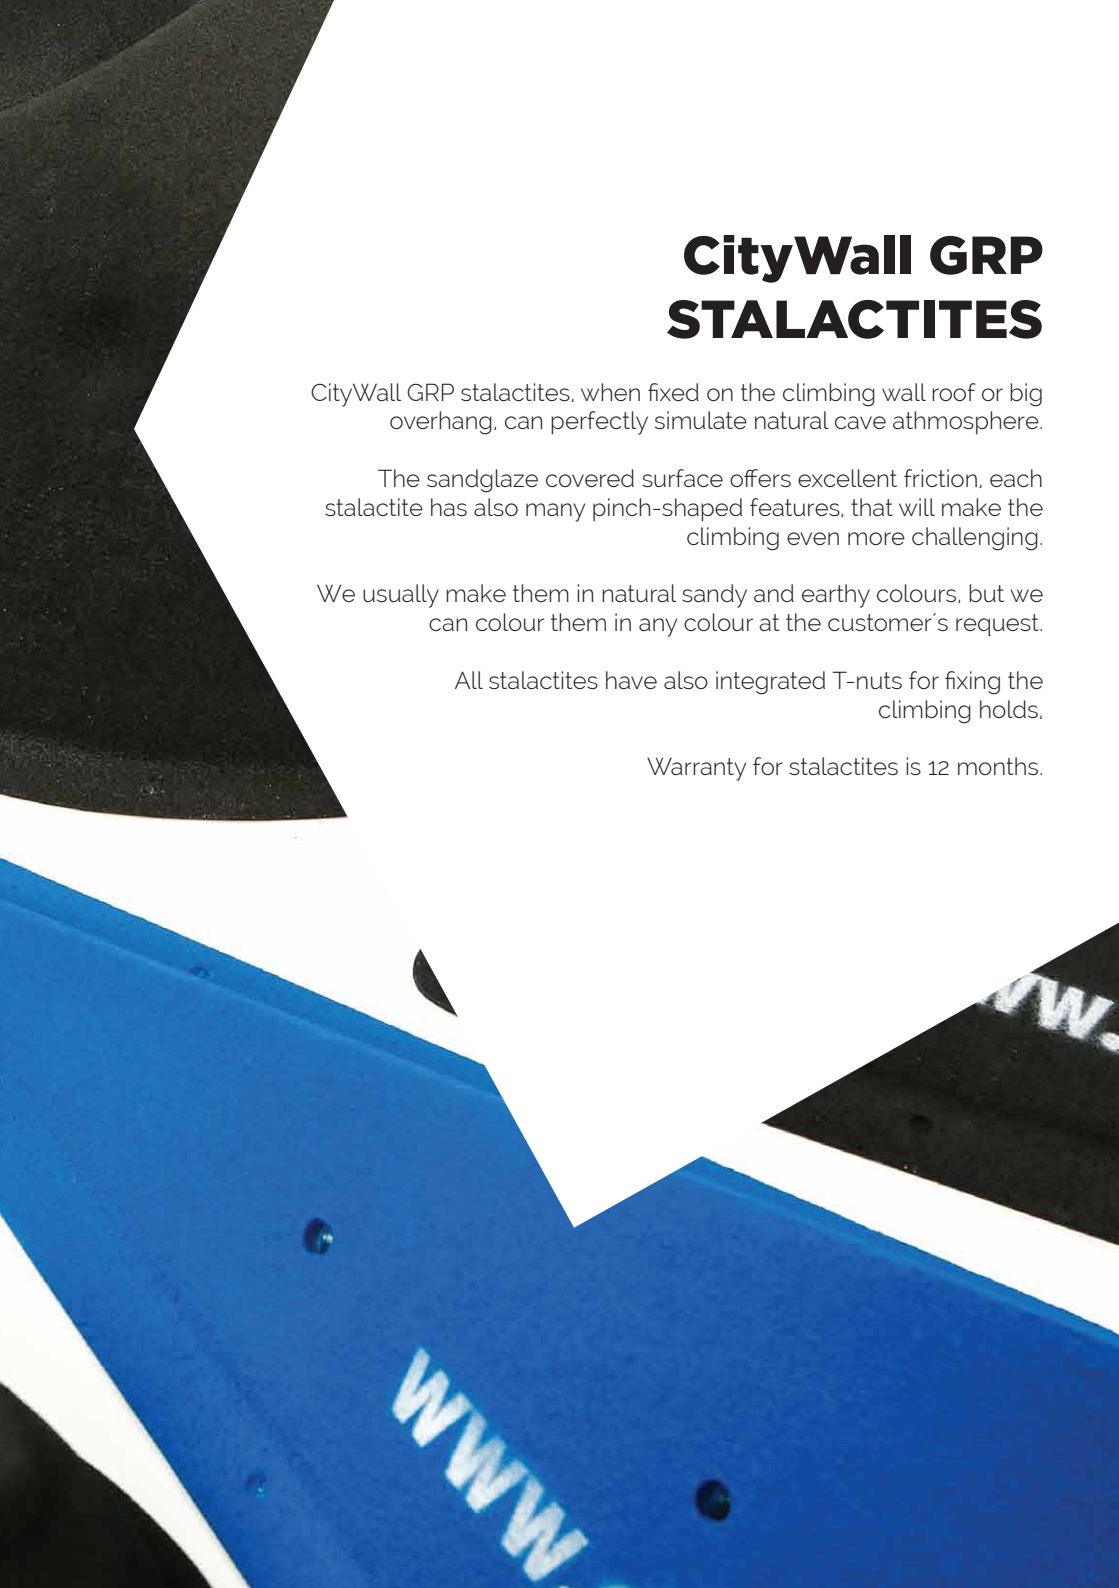

CityWall GRP stalactites, when fixed on the climbing wall roof or big overhang, can perfectly simulate natural cave atmosphere.

The sandglaze covered surface offers excellent friction, each stalactite has also many pinch-shaped features, that will make the climbing even more challenging.

We usually make them in natural sandy and earthy colours, but we can colour them in any colour at the customer's request.

All stalactites have also integrated T-nuts for fixing the climbing holds,

Warranty for stalactites is 12 months.

**CW2301 RIDGE**

Dimensions: 110cm x 60cm x 35cm  
No. of holes: 2

**CW2302 MOUNTAIN**

Dimensions: 110cm x 85cm x 50cm  
No. of holes: 4

**CW2303 HILL**

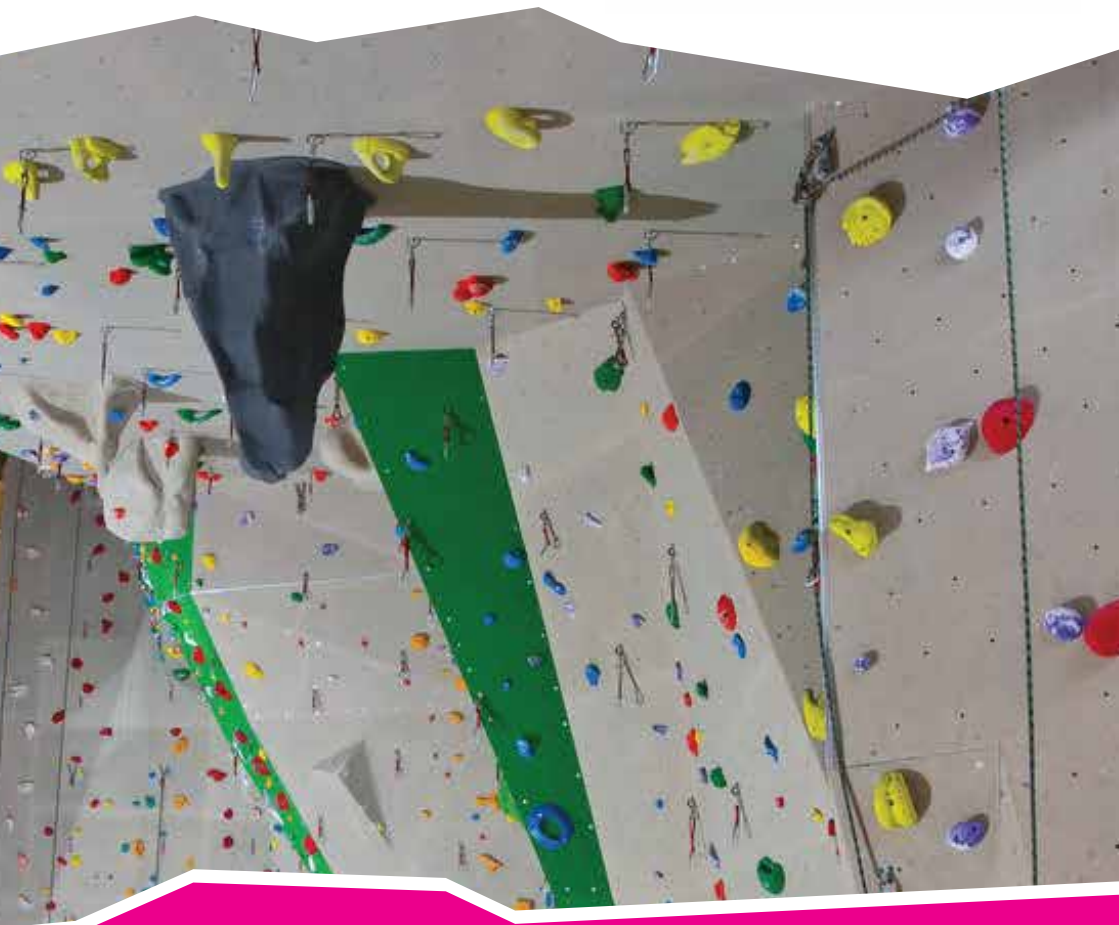

Dimensions: 110cm x 95cm x 40cm  
No. of holes: 5

## CW2304 **BAOBAB**

Dimensions: 70cm x 60cm x 110cm

No. of holes: 8

## **CityWall GRP HAND-MADE RELIEFS**

Only imagination can be the limit of CityWall hand made reliefs.

They are made of highly resistant composite material, covered with sandglaze to reach excellent friction. They are appropriate for indoor or outdoor use. We can add also T-nuts for fixing the climbing holds.

They can be set as edge reliefs, they can be removed from one part of the climbing wall to another, but we can make also extremely large hand made structures, that lead from the bottom to the top of the wall.

Warranty for stalactites is 12 months.

## CW2401 **EDGE RELIEF**

Dimensions: 1.2m

## CW2402 **HAND MADE RELIEF 1M**

Dimensions: 1m

## CW2403 **HAND MADE RELIEF 2M**

Dimensions: 2m
